

Introducing the World's First Truly Instant Concrete!

EINSTONE CONCRETE

Dry pre-mix concrete. Ready for use.

Call Today for Pallet Rate

Designed for Island Construction

EinStone concrete is designed to limit salt intrusion and prevent steel corrosion.

- Water-proof, dust-free plastic bags.
- 80 lb bags & 3000 lb Jumbo Bags available.
- Professional quality masonry products.
- Featuring 4000-plus psi. concrete, and a full line of Stucco, Mortar, and Sand mixes.
- Contractors love the fact that they don't lose half of it to rain, or even moisture in the air.
- Mix in the bag for small applications.
- Not in the big box stores.
